ATTENTION ALL REQUEST FOR BID HOLDERS

RFB NO. 313038 - ADDENDUM NO. 3

REFUSE HAULING AND COLLECTION FROM COUNTY FACILITIES

BIDS DUE: TUESDAY, FEBRUARY 12, 2013, 2:00 PM. DUE DATE AND TIME **ARE** CHANGED BY THIS ADDENDUM.

This Addendum is issued to modify, explain or clarify the original Request for Bid, (RFB) and is hereby made a part of the RFB.

All bidders must acknowledge all Addenda on the Bid Form.

PLEASE NOTE THE FOLLOWING INFORMATION:

1. Bid due date change: The bid due date has changed to February 12, 2013 at 2:00PM.
2. Performance/payment bond: A performanceand/payment bond will not be required for this contract. Please remove all references to a performance/payment bond in the RFP documents, and do not include the cost of such a bond in your bid.
3. Equipment: With the exception of the equipment listed as belonging to Dane County, the successful bidder is responsible for providing all equipment necessary to perform the work. This includes, but is not limited to, waste containers, packers, compactors, odor control equipment, chutes, equipment for connecting the containers/compactors to the buildings, etc.
4. Landfill Tipping Fee Payments: For rolloffs and other containers with waste coming entirely from a single Dane County site, the hauler will be required to stop at the scale house and tell the scale attendant which County facility the waste is coming from. In this case, the hauler will not be charged a tipping fee for the waste. Instead, Dane County will bill the appropriate County Department directly.

For front end packers and other waste loads where all of the waste is not coming from the County and/or a single County Department, the hauler will be required to pay the tipping fee at the landfill. Then, the hauler will calculate the tons of Dane County waste that they paid for during the month and invoice Dane County Solid Waste the following month for the landfill tipping fees paid for those tons of waste.
