PLEASE MAKE THE FOLLOWING CHANGES:

1. Best Value Contracting Application

Due to a notification from the State of Wisconsin Bureau of Apprenticeship Standards, this project will fall under the Masonry Trades – Bricklaying type of apprenticeable work. As a result, contractors are **only** required to become and maintain an active Wisconsin Trade Training (WTT) status for the duration of this project. Contractors will not be held accountable for employing specific ratios of union workers at union rates. Also, Contractors **do not** need to become a WTT in order to be awarded the contract; however, contractor must be a WTT before beginning Work.

Contractor may obtain WTT status through ABC Apprenticeship & Training Trust (608-244-6056) or through local union. Exemptions to becoming a WTT are listed on the Best Value Contracting Application. Reciprocity will be given for out of state contractors who participate in an equivalent trade training program.
